UPPA SUPPORTS CHURCH AND COMMUNITY WITH CHAIR DONATION

1 November 2026

FOR IMMEDIATE RELEASE

The United Progressive People Alliance (UPPA) is donating chairs to the church as a practical contribution to the life of the congregation and the community it serves. This gesture reflects UPPA's belief that community development begins with meaningful action.

Churches play an important role in bringing people together, offering guidance and supporting the wellbeing of our communities. UPPA recognises that contribution and values the work of church leaders and congregants who serve with care and commitment.

The donation is intended to support the church's activities and serve the congregation for years to come. UPPA thanks the church leadership and members for their welcome and for the opportunity to contribute to their work.

UPPA also confirms that registration for its security training draw is open. Interested community members may visit the UPPA office to register and obtain further information about the process. **Registration does not guarantee selection.**

Building stronger communities requires consistent service, cooperation and respect. UPPA remains committed to practical work that brings people together and responds to community needs.

UPPA - LET'S BUILD. LET'S FIX. LET'S HEAL.
